# To Our Customers

SPRINGFIELD, OHIO, APRIL, 1904.

**W**ITH an increase of 10,000 square feet of bench-room during the past year, for the use only of stock plants of Coleus, Geraniums, Cannas, Heliotrope, Fuchsias, Petunias, and a few other soft-wooded stock, and with the experience of every year since 1867 in growing such stock, we think we are better able to meet your requirements than any other establishment in the United States.

Although we have a very large stock of all the leading varieties of Roses, we would suggest that those customers intending placing orders for ten to twenty thousand Roses later would send in the orders and let us reserve them, so that at the time for shipment the order may be filled completely.

This list is for Florists and Dealers only, and the prices quoted herein are subject to no discount. Our stock is large and in fine condition. The plants are grown in as low temperature as possible, so that they can be shipped to all parts of the country at all seasons of the year. Our system of packing is so complete that, although we send out hundreds of packages during the coldest winter days, we rarely have a case injured when sent by express.

## WE ASK A TRIAL OF OUR PLANTS.

All plants will be forwarded by express unless otherwise ordered. Having the rival Companies—Adams, American, United States, and Wells, Fargo & Co., they connecting with the Baltimore & Ohio and Pacific—the goods can be billed through at the lowest possible rates without extra charge. Parties will please say by which line their goods are to be forwarded.

If three or more plants of a variety are ordered, the rate per dozen will apply. Not less than three plants of a variety will be sold at dozen rates, and single rates must be allowed at all times when one or two plants of a variety are taken. Kindly observe this in ordering.

**Terms**—Our terms are cash with the order or satisfactory reference. It will be readily seen that at our prices we cannot afford to take any risks. Special pains are taken to pack lightly, thereby reducing the expense of transportation to a minimum. Everything is labeled.

# ROSES

The Rose, which has been well named the "Queen of Flowers," always has ranked first among the many families of plants we grow. We are now devoting half of our entire space to supply the wholesale demand for this generally loved and appreciated flower. Springfield is well known as a center for the Rose, and is now growing and distributing more than any other city in the United States.

"IVORY," THE WHITE GOLDEN GATE.

## The White Sport of Golden Gate, "IVORY"

We are pleased to offer a most valuable addition to our list of Roses for cut-flower purposes—a "sport" from the fine old variety, Golden Gate, which today is probably the freest flowering Rose of its type in cultivation, but which unfortunately lacks in decided color. "Ivory" embodies all the good points of its parent—size, freedom of bloom, strong, vigorous, healthy growth, with a pure white color which makes it an invaluable acquisition to the list of forcing Roses. It has received highest honors wherever shown. We have in quantity fine 2½-inch stock which, if shifted now, will make fine plants for early spring sales or planting. Price, 50 cents per dozen; \$3.00 per 100.

## LADY BATTERSEA

This new Rose is considered by many Rose fanciers to be the finest variety of 1902 introduction. It belongs to the new British Roses and has received many honors at the English exhibitions. It has long, oval buds, sharply pointed, very striking in form; the color is bright cherry crimson; the stems are stiff and extremely long for a red Rose; a vigorous grower, not very full, but an unusually showy variety. The only Rose approaching Niphetos in form. Lady Battersea belongs to the Hybrid Tea class, and if protected with evergreen boughs or straw, it can be left in the ground all winter without danger. Do not omit this valuable Rose from your list. Price, 60 cents per dozen; \$5.00 per 100.

## The Superb New Tea Rose.

### "ANTOINE RIVOIRE"

A handsome new Rose of vigorous habit of growth, with large, full, Camellia-shaped flowers. Color rosy-flesh on a yellow ground, shaded with a border of carmine. Flowers have been exhibited five inches in diameter. A remarkable variety of great worth. Price, 50 cents per dozen; \$3 per 100.

## The New Cut-Flower Rose of Two Colors, Mlle. Pierre Notting

A new Rose which we look forward to become as popular as Bride or Bridesmaid. Its color is almost indescribable, a foundation of clear yellow, with a delicate pink on the edge of the petal and the outside an apricot yellow, forming a most pleasing combination. The growth is vigorous, long, strong flower shoots, and foliage a pretty shade of green. The flower is the same shape as Bridesmaid, only much larger and borne on a long stiff stem. This fine cut-flower-Rose we offer at \$1.00 per dozen; \$8.00 per 100.

## SUNRISE

### The New Forcing Rose

Sunrise has taken the first honors wherever shown, and this year will be grown quite extensively for the cut-flower market. In close bud form it shows a deep coppery-pink, but as the flower opens the inner side of the petals shade from a clear yellow to a deep copper, making a very pretty color effect. The fragrance is delightful, much the same as the old Rose, Bon Silene. The young foliage comes a copper-bronze, and as it grows older changes to a deep green. This Rose has a good future, having been thoroughly tested, and all the qualities that make a good Rose are in the "Sunrise." Price, 75 cents per dozen; \$5.00 per 100.

## Forcing Rose,

### GOLDEN GATE

It is a strong, healthy grower, excellent for both bedding and house culture. Produces a profusion of long, pointed buds, opening to very large double Roses of creamy-white, beautifully tinted with soft yellow at the base of the broad petals, which are exquisitely bordered with clear rose. We heartily recommend it. Price, 50 cents per dozen; \$3.00 per 100.

## MRS. E. DURANTH

This Rose is very beautiful, its strong branching habit is admirable; each side shoot brings a perfect flower on a stiff stem; never shows a weak neck. The upper surface of each petal is shell pink, the reverse soft rose; very free and fragrant. A good Rose for your collection. Price, 50 cents per dozen; \$4.00 per 100.

## The Superb Yellow Rose, MARECHAL NIEL

The most popular of all. A Rose so famous as to really require no description. Its magnificent golden-yellow buds are worn the world over; they illustrate the globular form in its last perfection, and are almost massive in dimensions. The reports from southern growers tell of single plants showing one and two thousand blooms of Marechal Niel at a time. It is almost universally held to be the finest climber for indoors or out, where the climate admits of its cultivation. Price, 50 cents per dozen; \$4.00 per 100.

## TERREL DES CHENES

A lovely bedding variety of the "Tulip" type. Its combination of color makes it one that will surely please. Color creamy-white, edged and laced with soft pink. The flowers are large, very full and highly perfumed. The rich, unique coloring is one of its marked characteristics and stamps it with a distinctive charm. Price, 50 cents per dozen; \$4.00 per 100.

### NEW ROSE BESSIE BROWN

This new Rose is considered one of the finest of the Roses of late introduction, and is well worthy the place it occupies among Roses. It is of the Hybrid Tea class and will stand frost if slightly protected. Blooms are of enormous size, of heavy substance, and are perfect in shape, lasting splendidly when cut. The color is snow white, faintly flushed and tinged with pink. A fine, strong, free grower, producing long stems well clothed in foliage quite up to the flower. Price, 60 cents per dozen; \$5.00 per 100.

### Forcing Rose, MAMAN COCHET

One of the best new Roses. The growth is vigorous, with rich, healthy foliage. The extra large flowers are produced on long stems, are very double, and the buds and half-expanded flowers are simply exquisite in their graceful form, delicate color and rich fragrance. The color is deep rose-pink. Price, 50 cents per dozen; \$3.00 per 100.

### The Beautiful White Forcing Rose, WHITE MAMAN COCHET

The finest Rose of the year. Like its parent, the growth is vigorous, with rich, healthy foliage, producing large, fine flowers of the purest white; in fact it is an exact counterpart of the beautiful Maman Cochet, and all who have tried it pronounce it the finest cut-flower Tea Rose in existence. Price, 50 cents per dozen; \$3.00 per 100.

### Forcing Rose, PERLE DES JARDINS

Canary or golden-yellow flowers and beautifully formed. Handsome in every stage of development, from the smallest bud to the open flower. Price, 50 cents per dozen; \$3.00 per 100.

### Forcing Rose, BRIDESMAID

This variety is grown so extensively now that it hardly needs description. It is a sport from the old standard, Catherine Mermet, and retains all the good qualities of the parent. It is a deep pink, about two shades deeper than C. Mermet. As a cut-flower Rose it is cultivated more than any other. Price, 50 cents per dozen; \$3.00 per 100.

### BRIDE

This is decidedly the most beautiful white Tea Rose. It is a sport from Catherine Mermet, with which it is identical in growth and shape of flowers. The flowers are very large and double, on long, stiff stems, of fine texture and substance, and last a long time in a fresh state after being cut, making it one of the best varieties for corsage wear or bouquets. Price, 50 cents per dozen; \$3.00 per 100.

### Crimson Forcing Rose, METEOR

A velvety-red ever-bloomer, of the deepest glowing crimson. As fine as a Hybrid; flower of medium size, very double, and petals slightly recurving. A beautiful open Rose, a free bloomer, and promising well as a pot Rose. It has no tinge of violet or purple to mar its beauty. It promises to be a reliable ever-bloomer, free from bad qualities. The best rich red Rose that was ever introduced for florists' use. Price, 50 cents per dozen; \$3.00 per 100.

### Forcing Rose, KAISERIN AUGUSTA VICTORIA

This beautiful Rose has not only a royal name, but is a royal Rose as well. It is a continuous bloomer, producing successive crops of buds, and formed with large petals of best substance; shows no center when fully open. Color a pure snowy-white. Price, 50 cents per dozen; \$3.00 per 100.

### HELEN GOULD (Baldwin)

Not only ourselves, but the general public, believe this Rose to be one of the best ever-blooming Roses ever introduced. Its color is quite attractive, being a soft, intense carmine, with shades of cerise and solferino, very much the color of American Beauty. It blooms very freely and will endure extremely cold weather with slight protection. A grand Rose to add to our list, and one that every florist should introduce to his trade. Price, 50 cents per dozen; \$4.00 per 100.

### The New Bedding Rose, GRUSS AN TEPLITS

A Rose that every florist should have, inasmuch as it is easy to propagate and a color that is always in demand. When first opened it is a rich, dark crimson, quickly changing to a velvety, fiery red. A strong grower, blooms continuously, flowers good sized and delightfully fragrant. Price, 50 cents per dozen; \$3.00 per 100.

### LA FRANCE

Accounts come to us from all quarters every year describing the great profusion of its bloom from June until frost, and extolling its fragrance and immense size. It is of superb form and double as a Rose can be. No variety can surpass it in delicate coloring—silvery-rose shades, with pink. It has a satin sheen over all its petals. It is most universally regarded as the most useful of Roses, for it is hardy beyond question. Price, 50 cents per dozen; \$3.00 per 100.

### WHITE LA FRANCE (Augustine Guinnoiseau)

Here we have a beauty indeed, one we recommend to all, whether for outdoor culture or for pots in the house in winter. If you were to ask us to select six of the very finest Roses for you, we should be sure to include it in the six. Do you know La France? If so, you know this elegant new Rose. It is identical with La France, except the color. It is pearly-white, sometimes tinted with fawn. Price, 50 cents per dozen; \$3.00 per 100.

### CLOTHILDE SOUPERT The Best Market Pot Rose

It is a strong vigorous grower. The flowers are large, double, beautiful in form, with the style of the beautiful Rose, "Ball of Snow." The flowers are borne in sprays and the color blends from a soft shell-pink to a pure satiny-white rose, while both of these colors are produced on the same plant at the same time. Price, 40 cents per dozen; \$3.00 per 100.

**A Glorious New Rose,  
CLIMBING MARIE GUILLOT**

If you have never seen Marie Guillot growing at its best in the open ground, you cannot conceive of the beauty of its large, bold, handsome white flowers. It has been termed the Queen of White Roses, and while there are many white varieties of unquestionable excellence, there are none more reliable for outdoor cultivation than Marie Guillot. It is one of the most rapid-growing and vigorous Climbing Roses we have ever seen. It blooms continuously throughout the season, the first and every year. Price, 50 cents per dozen; \$3.50 per 100.

**CLIMBING PERLE DES JARDINS**

Few Roses have as firm a hold in popular favor and are so highly prized by the professional and amateur rose growers alike as the Perle des Jardins. It is not only admirably adapted for forcing, but thrives well in the open air, blooming freely in either case. Its large, full, well formed, golden-yellow flowers borne on stiff stems makes this variety especially desirable for bouquets and artistic floral decorations, while the dark and glaucous foliage of the plant furnishes an excellent setting for the fragrant, delicate-hued blossoms. Hardy South. Price, 40 cents per dozen; \$3.00 per 100.

**Grand New Velvety Rose,  
CLIMBING METEOR**

Climbing Meteor is the acme of all red Climbing Roses. It is a free, persistent bloomer and will make a growth of from ten to fifteen feet in a season. We do not hesitate to place it at the head of the list of all Roses for summer blooming, as it will make a strong growth and literally loaded with its deep, rich, red flowers all the time. Price, 50 cents per dozen; \$3.00 per 100.

**CLIMBING BRIDESMAID**

Bridesmaid, the parent of this new climber, is the standard pink cut-flower Rose of America. It represents the highest degree of beauty yet attained in Roses of its class. When we first offered this new variety as a sport from Bridesmaid its popularity was assured. It grows rapidly and strongly, and blooms as freely as does its parent. The flowers are simply beautiful, clear pink. This is one of the most valuable additions to the Climbing Tea Roses made in recent years. Price, 50 cents per dozen; \$3.00 per 100.

**WHITE ROSES**

Price, 50 cents per dozen; \$3.00 per 100.

**MARIE LAMBERT**

Pure white. It has been called the White Hermosa, as it resembles Hermosa in form and freedom of bloom and is quite as valuable; for, though no claim has been made for it as a fancy Rose, its persistence in bloom will make it a very popular white variety for bedding or for pots.

**THE QUEEN**

A most charming Tea Rose, the offspring of that fine old Rose, Souvenir d'un Ami, whose many good qualities it seems to possess in a remarkable degree. It is pure snow-white, makes good, finely formed buds; is quite full, showing the center but slightly.

**MARIE VAN HOUTTE**

Of a fine, faultless, straw-yellow color, with the outer petals washed and outlined with a bright rosy-crimson; occasionally the whole flower will be suffused with light pink. It grows vigorously, blooms profusely, and is most deliciously scented; in cold weather it almost changes color, taking on gorgeous crimson tints. A beautiful and superb Rose.

**MARIE GUILLOT**

Perfection in form; flowers large and double to the center. This variety holds first place among white Tea Roses in purity of color, depth of petals and queenliness in shape; grows well and is healthy. The best white Rose for general purposes grown.

**WHITE BOUGERE**

A beautiful, large, pure white flower with thick, shell-shaped petals, fine both in bud and fully open flower. Plant a strong, healthy grower, equally valuable for pot or garden culture.

**WHITE BANKSIA**

An old favorite among the white Roses.

METEOR.

**YELLOW ROSES**

Price, 40 cents per dozen; \$3.00 per 100.

**ETOILE DE LYON**

This is considered one of the finest yellow bedding Roses for outside planting; it is, moreover, one of the hardiest in the Tea section. It blooms freely, and every flower is a gem.

**MOSELLA, THE YELLOW SOUPERT**

It blooms in profuse clusters of three to five flowers, which are very double, ball-shaped and open like a Camellia flower. The petals are tinted white, on beautiful light yellow ground extending to the middle of the petals.

**COQUETTE DE LYON**

No Rose like it for freedom of bloom. The plant is a fine grower and carries numbers of flowers on every shoot. A fine yellow Rose, large, not at all formal, very attractive.

**GEN. ROBERT E. LEE**

It is in color an orange-yellow, is a good grower, has elegant, long buds, borne on long stems. It forces easily.

**SAFRANO**

One of the best of all the coppery-colored varieties; foliage is large, growth is very vigorous, flower large, yellow margin shading to a deep copper. Too good a Rose for this price.

**WM. ALLEN RICHARDSON**

Orange-yellow, with outer petals lighter, center coppery-yellow.

**MAD. MARGOTTIN**

One of the easiest Roses to grow on the market; color a deep clear yellow, large buds and very pretty.

**ISABELLA SPRUNT**

A clear, light yellow, a very popular variety, strong grower, and free bloomer.

Flowers of this variety are the richest crimson of any Rose in our vast collection. A single bud or blossom will catch the eye at a great distance, so brilliant is the color. Indeed, it is unmatched in its velvety richness; could well be termed "The Velvet Rose." It is as free in blooming as Bon Silene.

### PERNET'S TRIUMPH

It has received the commendation of the highest European authorities, and, as far as we can judge, it is well worthy of them, and promises to be one of the very finest of the Hybrid Tea class. ### MADAME SCHWALLER

### MRS. DE GRAW

Everyone wants a hardy, ever-blooming Rose. From early summer until frost it may be depended upon to produce flowers in abundance. In color it is a rich, glossy pink, delightfully fragrant, and is such a strong, vigorous grower that it is almost impregnable against attacks of the insects which usually destroy some of our finest Roses.

### Asparagus Plumosus Nanus.

One of the handsomest of our foliage plants. The leaves are a bright green, gracefully arched, and as finely woven as the finest silken mesh. Their lasting quality, when cut, is remarkable, retaining their freshness for weeks, hence it ranks as the most valuable plant we have for this purpose, surpassing Maiden Hair Fern in grace, fineness of texture and richness of color. It is one of the finest decorative vines recently introduced; by many florists it is used instead of smilax, as easily grown, and very much more beautiful on account of its light, feathery growth. Price, 2 1/2 inch, strong, just ready to shift into 4-inch pots, 50 cents per dozen; \$4.00 per 100; \$35.00 per 1000. 3 inch pots, fine, 75 cents per dozen; \$6.00 per 100. 4-inch pots, \$1.00 per dozen; \$8.00 per 100.

### Asparagus Sprengeri.

Not only is it useful for cutting in sprays for fine cut-flower work, more particularly in connection with large Roses, etc., but grown in suspended pots it makes one of the prettiest decorative house plants we know of. Used in decorations, as, for example, in the decoration of mantels, nothing can equal it. The most valuable florist's plant of recent years. The fronds are long and wiry, and for flat bouquets nothing equals it, for, while feecy in appearance in reality it is very stiff and forms an elegant support for flowers. It is also a handsome thing for ferneries and hanging baskets. See illustration. Price, 50 cents per dozen; \$2.50 per 100; \$20.00 per 1,000; 4-inch pots, \$6.00 per 100.

It has purple-bronze leaves, oblong in shape, with silver markings, and is in every way a most beautiful Begonia. It produces white flowers in bunches on ends of growth stems. Price, 6 cents each; 50 cents per dozen; \$3.00 per 100.

## NEW BEGONIA, MANICATA AUREA

One of the most beautiful variegated plants within our knowledge. The plain green Begonia Manicata is a very beautiful variety, clean and glossy, bearing the veil of pink bloom above, but when we find Manicata beautifully blotched with cream color, often pure snow-white, deepening into canary, no other plant that we know carries such bold markings, nor in so pleasing combination of colors. Price, \$1.00 per dozen; \$8.00 per 100.

Price, 50 cents per dozen; \$4.00 per 100.

The New White Hydrangea,

**JEANNE D'ARC.**

A new variety of exceptionally good merits we have imported from France. It is a variation of the old favorite, Thomas Hogg, but having the dark reddish-brown stem of Ramis Pictus. The plant is more vigorous in growth than either of these varieties and the foliage and flower much larger. Our experience with it during the past six months has proven to us the statements of its introducers as to its merits. The flower is pure white and very effective against the dark green foliage. Nice young plants, 50c per dozen; \$4.00 per 100.

New Red-Branched

**HYDRANGEA RAMIS PICTUS.**

We consider this variety the most elegant Hydrangea grown for pot culture or for tubs. It is much handsomer than Otaksa, the foliage being darker green, with black stems, making it very distinct. Flowers rosy-carmine, changing to blue, the dark green foliage and purple black stems being in contrast with rosy carmine flowers. Price, 50c per dozen; \$4.00 per 100.

This is by far the best of all Hydrangeas, the flower being almost double in size of the older varieties, and its free blooming qualities are unequaled by any plant we know of. # BOSTON FERN

(*Nephrolepis Exaltata Bostoniensis*)

This plant is so well known it needs no description. No other plant is used so extensively, and no other makes as fine a specimen plant. The drooping habit of the long, graceful fronds makes it an excellent plant to grow as a single specimen for the table or pedestal.

We quote you good stock at the following prices:

2½-inch pots, 50 cents per dozen; \$3.50 per 100; \$30.00 per 1,000.

3-inch pots, 75 cents dozen; \$6.00 per 100.

NEPHROLEPIS PIERSONI

BOSTON SWORD FERN

## NEPHROLEPIS PIERSONI

The character of the frond is well shown in the accompanying photograph, although the picture conveys but a slight idea of the grace and beauty of the feathery plume-like fronds, which more nearly resemble the graceful ostrich plume than anything else in nature to which we can compare them. The plant possesses the same vigorous growth as its parent, the Boston Fern, with long fronds, but each pinna or leaflet is subdivided so as to form a perfect miniature frond. The fronds grow broad and heavy, measuring at least six inches across when fully developed. On account of the weight of the foliage, the plant assumes an exceedingly graceful appearance. The divided pinnae, or miniature fronds, keep growing constantly, showing two distinct shades of green, the ends being light green, while the center and main part shows a rich dark green. Strong plants, 2¼-inch pots, \$1.50 per dozen; \$10.00 per 100. We also have 300 left of very strong plants, in 6-inch pots, at 75 cents each.

SELAGINELLA EMILLIANA.

**SELAGINELLA EMILLIANA.**

**Beaute Poitevine**—It is very dwarf and compact, and of a very branching habit. The color is unique and changeable, some trusses being of a deep rosy-salmon; streaked and veined carmine, with deep magenta color; others with the outer petals almost a pearly-white, with carmine color.

**Marie Fournier**—Large semi-double blooms, pure deep pink with distinct white center; occasionally striped and spotted with white; habit dwarf, very vigorous, free in bloom; one of the brightest of the double pinks.
